

## CORRECTION

to the paper by M.I.Beloglazov, G.F.Remenets, V.P.Nemirov "Upper atmosphere ionization by the REPs in 1985-86 and VLF inverse problem" (Proceedings of the 21<sup>st</sup> Annual Seminar, Apatity 24-27 March 1998. Apatity, 1998, PGI-98-03-106, P.16-18).

The first and third expressions in formula (1) should be rewritten as follows

$$N_e(z) = A(z_0) \exp \left[ b(z_1 - z_0) \right] \exp \left[ \beta(z - z_1) \right], \quad z < z_1$$

$$N_e(z) = A(z_0) \exp \left[ \left( 0,407 + 0,134 \frac{|z_0 - 58|}{25} \right) (z - z_0) \right], \quad z > z_0$$

Figure 2 was omitted. Below it is reproduced:
